GHATKOPAR (E), MUMBAI

Restyling Life Spaces Since 1994...

HERITAGE IS NOT MERELY A WORD, IT'S A WAY OF LIFE...

The Heritage Group has evolved into one of the most prominent developers in Mumbai since its inception in 1994. Founded by **Pradeep Somashekar Shetty** and **Girish Partabrai Gangwani**, both civil engineers and interior designers by profession who bring a complementary set of skills to the table to steer Heritage towards the fulfillment of its vision.

It is with great pride that we would like to share that this hard work and focus on instilling quality checks and processes has resulted in Heritage Group being awarded ISO (9001:2015) certification.

There will always be new challenges but with the best wishes of our peers and customers we look upon the future with renewed hope and aspirations.

The name Heritage is synonymous with Quality and Reliability. This asset motivates us to benchmark all our decisions to these values and growing goodwill amongst our customers and their associates is an outcome we are happy to accept with Humility.

It is this **Heritage** which is our legacy, and we are extremely proud of it.
